Message from Pope Francis on the World Day of Prayer for the Care of Creation (Sept. 1)

During this Season of Creation, let us dwell on those heartbeats: our own and those of our mothers and grandmothers, the heartbeat of creation and the heartbeat of God. Today they do not beat in harmony; they are not harmonized in justice and peace. Too many of our brothers and sisters are prevented from drinking from that mighty river. Let us heed our call to stand with the victims of environmental and climate injustice, and to put an end to the senseless war against creation.
